

DESK & TABLE CLEANING KIT

NEW!

CLEANS 4X FASTER THAN CONVENTIONAL METHOD

According to 'the CDC Guidance for School Administrators K-12', school staff should routinely clean areas that students and staff touch often.⁽¹⁾

Experts also recommend the use of microfiber to prevent cross-contamination because it picks up and stores dirt, bacteria and germs, rather than sliding them around like other wipers can do.⁽²⁾

Faced with budget cutbacks and custodial staff reductions, schools must do more with less. Unger has designed a Desk and Table Cleaning Kit that cleans 4x faster than spray bottles and rags.

Unger's Desk and Table Cleaning Kit will minimize the spread of infectious diseases by maintaining a clean surface on desk and table tops.

✓ 4X Faster Cleaning of Surfaces

- Ergonomic 16" microfiber flat mop with handle covers more area faster

✓ Effective Healthy Cleaning

- Unger microfiber technology removes 96% of surface bacteria with less chemicals
- Dual-compartment bucket separates clean from dirty solution, ensuring the use of clean solution every time
- Color-coded green to prevent cross-contamination

✓ Increased Cleaning Frequency

- The tools and process clean 4X faster enabling more desk and table cleanings per day

DESK & TABLE CLEANING KIT

DESK AND TABLE CLEANING PROCESS

✓ Cleaning Kit Assembly

- Assemble dual-compartment bucket per instructions provided
- Handle, mop holder and microfiber mop come pre-assembled and ready to use

✓ Step One - Fill Unger Dual Compartment Bucket

- Fill front of bucket with properly diluted sanitizer or disinfectant cleaning solution
- Fill rear compartment of bucket with one gallon of clean rinse water

✓ Step Two - Prepare Mop For Cleaning

- Push button to collapse mop
- Dip mop into front compartment
- Wring mop well in rear compartment

✓ Step Three - Clean Desk & Table Top

- Place mop on table and push down to lock in place
- Start on one side and move mop straight across the table to end. Turn mop and clean in opposite direction
- Continue to next table / Use only wet mop

✓ Step Four - Rinse mop

- Collapse mop, lower through wringer and rinse in rear compartment
- Wring mop to release soiled rinse water
- Dip mop in front compartment, return mop to rear compartment and wring

✓ Step Five - Continue cleaning

- Repeat steps 2 through 4 until all desks and tables have been cleaned
