

The logo for UNGER, featuring the brand name in a bold, green, sans-serif font with a white outline, set against a white background.

Quality Tools for Smart Cleaning

The logo for nLITE, with 'n' in green and 'LITE' in silver with a black outline, followed by a registered trademark symbol.A large, detailed image of the nLITE scrubbing pad holder. It is a black, ergonomic tool with green and yellow accents, designed to hold a white scrubbing pad. The tool is shown in use, cleaning a window pane. The background shows a modern building with windows and a clear sky.

nLITE[®] HOLDER FOR SCRUBBING PADS
PERFECTION AND CLEANLINESS DOWN TO THE LAST DETAIL

NEW

In combination with the **nLITE®** telescopic pole system, this tool is an important addition to the equipment of every glass and building cleaner. Bird droppings, stubborn insect residues and other heavy deposits can often prove difficult to remove. The **nLITE®** holder has been developed for use with the scrubbing pad to remove even stubborn dirt easily and effectively with pure water. The recommended working height is approx. 6 metres, i.e. up to the 1st floor.

POLE MOUNTING

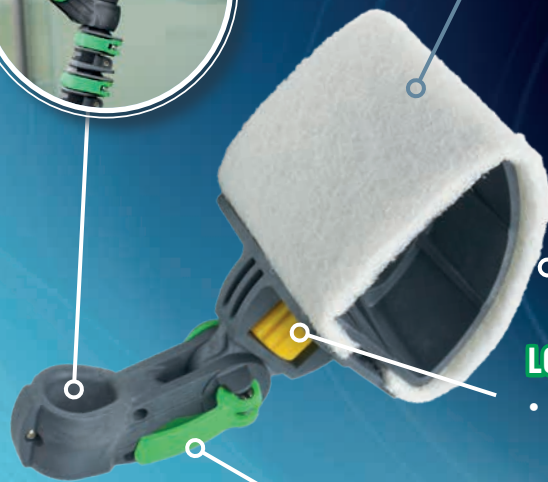

- For mounting between pole and angle adapter

UNGER SCRUBBING PAD

- Abrasive pad
- Optimally removes adhering dirt

CURVED, LARGE CONTACT SURFACE

LOCKING SCREW

- For fastening the pad

SMART LOCK CLAMP

- Flexible adjustment of the working angle

COMPATIBLE WITH
nLITE® WATER FED POLES
AND THE COMPLETELY OVAL
ANGLE ADAPTERS

Recommended procedure:

1. Clean the surface with a brush.
2. If adhering dirt cannot be removed, close the water flow regulator (NLWVI)
3. Turn the pole and remove dirt with the scrubbing pad.
4. Turn pole back, open water flow regulator, continue cleaning with brush.

Attention: Some surfaces are easily scratched. Always test scrubbing pad prior to use.!
