

## Unger Germany GmbH

# nLITE® PowerPad

### Summarized test results

- Very good alternative to the brush when cleaning large glass surfaces on the ground floor
- Easy and intuitive handling, without time-consuming training
- Very good gliding properties on glass surfaces
- Rapid dirt removal
- Larger contact surface compared to the brush
- Permanent contact with the glass surface, even when working from the side
- Good self-cleaning effect due to permanent rinsing of the microfibre pad
